EXCHANGE.—The Fort Atkinson Standard, a new paper just started a few miles up the river, challenges us to an exchange under certain heavy penalties. Why, man, your name was directed to be put on our list when the first number was received, and if you have not got it, pitch into Uncle Sam's post masters, or our mailing clerk; though if the latter is to be dealt with, we advise you to come with a strong excort of friends.

THE DIFFERENCE.-While the Madison Journal seems to have carefully and intentionally suppressed any allusion to the invitation of the citizens of Janesville, through their mayor, to the Governor's Guards and their escort of honorary members to partake of a supper at the Hvatt House, the tions. The south should prepare for this Patriot makes an acknowledgement of it. There is as much difference in newspapers as in anybody, and we are sorry to see the Journal, not only in this instance but others, contrast so unfavorably with the Patri. ot when anything relating to Janesville is St. Paul Pioneer, Sept. 6th. involved,

We cannot conceive how the Journal's omission is otherwise than intentional, for it mentions a supper at the Capitol House after the Guards reached bome, and it is hardly possible that the one should not have suggested the remembrance of the invitation of the other.

AN IMPROVEMENT .- Saturday was an improvement over Friday in the way of rain. After a great deal of effort, the which showed strong indications of rain, and there were clouds shook out a decided sprinkle-

MILWAUKEE GRAIN TRADE .- According to the Sentinel, Friday was another husy day in the wheat market. Receipts were nearly 40,000 bushels, and shipments, including flour, upwards of 56,000. Prices were firm and a shade higher than the previous day No. 1 Spring wheat ruling at 73a 74c and extra club at 78c. The New York market was reported steady and without change, and the Buffalo market firm, wheat scarce.

POPULATION OF MILWAUKEF.—According to a census recently taken, the population of Milwankee is 51,499. In 1855, her Oats, 30. Barley, 55 Corn. 63. Rye, 53a55. population was 30,000.

LOOK OUT FOR HIM. A few days since, a suspicious looking individual calling him self Falsom, accompanied by a woman whom he represented as his wife, appeared at this place and obtained board, at R. Berry's. The man represented himself as a jeweler, and posted up the usual sign; the woman procured work as a seamstress. The jeweler got possession of several watches and other articles of jewelry, and the seamstress a quantity of cloth to be made into garments, and during the night of the 2d inst. absconded, taking with them the watches jewelry, and cloth, and some of Mr. Berry's property. The man is about 30 years of age, of medium stature, light hair, grey eyes, and rather a sheepish looking fellow. We understand he played

the same game at Kewaunee a few days ago .- Oconto Pioneer. The moral of this is, put your property into the hands of your own resident workmen and tradesmen, and not run after evimpudent impostor and humbug who comes

RAILBOAD ACCIDENT.—The Milwaukee News of Saturday says as the morning train from the west on the Milwankee and Mississippi railroad was coming in, on Friday, little west of Whitewater, it ran into a buggy containing a man and woman, breaking it to pieces and dangerously if not fatally injuring the woman. Her name, we learn, is Joslyn. No one else was injured by the

Man Dog .- Last evening (says the Milwankee Sentinel of Saturday) a large wiry dog, used in draughting swill about the streets, was discovered to be in a rabid condition, and before he could be dispatched attacked a little girl, ten years old, on Jackson street, between Huron and Detroit, Her clothes were torn completely from her body, and, what is most singular of all, she escaped being bitten. The animal was then driven into the house of Mr. O'Neil, causing a general stampede of its inmates, and was finally shot by a policeman.

The especial attention of the ladies is called to the advertisement of the Chicago Steam Dye Works, they clean and dye ladies' dresses, shawls, &c., in the best possible manner, and at a triffing expense; articles can be sent by express, and returned in a few days. Read their advertisement. It

Soldiers of the war of 1812-14, will do well to notice the advertisement of Capt. Dodge, in to-day's issue. Sin:—You spoke to me in reference to the efficacy of Dr. Scovill's Compound Extract of Sarsaparilla and Stillingta, or Blood and Liver Syrup. I considered the ingredients, finding them composed of the best alteratives now in use by the medical profession. I couse-quently admitted the use of the compound in my practice, believing it to be a safe and reliable remedy, and have had decided satisfation in the administration of the remedy and alterative property. have had decided satisfation in the administration of the remedy since I adopted it twelve months ago: I' can with satisfaction recommend it to the public as an alterative of great utility and certainty in the diseases for which it is recommended. With respect yours. C. P. BROWNING, M. D. Wyoming, Ky., April 14, 1859. sep12dia See advertisement.

Physicians are generally loth to speak a word in praise of what are called "palent medicines." Indeed it is an article in the code of medical chica, that a physician who sanctions the use of such remedies, cannot be considered a member of the Nutional Association. But there are exceptions to the most stringent rules, and many of the disciples of Exculapius have actually been compelled by the force of facts, to recommend the use of Dr. J. Hostetter's Stomach Bitters, for those diseases which are particularly prevaient during the summer and fall. They have ascertained that there are no remedies in the pharmacopia which can compare with this wonderful compound for derangement of the system.—Thousands of families residing along the low grounds of the western and southern river, are now convinced that they have found a medicine peculiarly adapted for thoir allments, while in other portions of the country, helr aliments, while in other portions of the country, turing the summer months, the demand for the article sequally large. Established 1888. HERRICK's SUGAR COATED PILLS.

Children Cry for Them! ITHES remarkable American remody is carrying thu world by storm. Over five millions of boxes are sold annually. Composed entirely of flowers, roots, balsams and extracts, their effect on the human system is pleasing, satisfactory and successful. Acting directly on the blood, glands, solids and fluids of the body, their use is attended with the happiest effect. In sudden attacks of disease one or two doses always cures. In old standing cases of sickness, small doses repeated frequently so cleaness the system, that good health is the trault. No change in employment or diet is necessary. They never cause some mouths, swelled joints, aching limbs, etc., as do many other kinds. They are warranted to give satisfaction, or the price will be refunded. They are considered cheaper, safer, prettier, and in all respects superior to any purgative pill in the world. The discovery of coating a pill with sugar emanated with Dr. Herrick.
